About ICRTD 2024

The 5th International Conference on Information and Communication Technologies for Development (ICRTD 2024) will be held in St. Petersburg, Russia, from October 20-22, 2024.

ICRTD is a leading international conference that brings together researchers, practitioners, policymakers, and industry leaders from around the world to discuss the latest advancements in ICT for development. The conference provides a platform for sharing research findings, best practices, and lessons learned in the use of ICT to promote sustainable development.

The theme of ICRTD 2024 is "**Digital Transformation for Sustainable Development**". The conference will explore the role of ICT in accelerating progress towards the Sustainable Development Goals (SDGs), including:

- Eradicating poverty
- Promoting health and well-being
- Ensuring quality education
- Achieving gender equality
- Combating climate change
- Building sustainable cities and communities

Topics

ICRTD 2024 will cover a wide range of topics related to ICT for development, including:

- Digital transformation and sustainable development
- Smart cities and communities

- Artificial intelligence and machine learning for development
- Big data and analytics for development
- Blockchain and distributed ledger technologies for development
- Internet of Things (IoT) for development
- Mobile technologies for development
- Rural development and ICT
- Education and ICT
- Health and ICT
- Agriculture and ICT
- Environment and ICT

Dates and Location

ICRTD 2024 will be held from **October 20-22, 2024** in **St. Petersburg, Russia**.
