History of the Byzantine Scale

The Byzantine scale is a musical scale that was developed in the Byzantine Empire. It is based on the ancient Greek diatonic scale, but it has been modified over time to include additional intervals. The Byzantine scale is characterized by its use of quarter tones, which gives it a distinctive sound.

The Byzantine scale was used extensively in Byzantine chant, which is the liturgical music of the Byzantine Empire. Byzantine chant is a monophonic, vocal music that is often sung in a highly ornamented style. The Byzantine scale also found its way into other musical traditions, such as Turkish classical music.
