In the world of American Girl dolls, Grace Kit is a beloved character. She is a beautiful and intelligent young woman who is passionate about horses and equestrian sports. However, in 2006, Grace Kit mysteriously vanished without a trace.

Grace Kit was released in 2005 as part of the American Girl "Friends" line. She was one of six dolls in the line, each of whom represented a different region of the United States. Grace Kit represented the Southwest, and she came with a horse named Apache.

Grace Kit was a popular doll, and she quickly became a favorite among American Girl fans. However, in 2006, she suddenly disappeared from stores. American Girl never officially announced that Grace Kit had been discontinued, but she was no longer available for purchase.

The disappearance of Grace Kit has been the subject of much speculation and rumor. Some people believe that she was discontinued because her sales were not as strong as the other dolls in the line. Others believe that there was a problem with the doll's design, and that she was recalled for safety reasons.

Whatever the reason for her disappearance, Grace Kit has become a bit of a legend among American Girl fans. She is often referred to as the "missing doll," and her story has been the subject of numerous articles and blog posts.

In 2016, American Girl released a new doll named Lea Clark. Lea Clark is also a horse-loving character, and she is often seen as a replacement for Grace Kit. However, Lea Clark has not been able to fill the void left by Grace Kit. Grace Kit remains a popular and beloved character, and her fans continue to hope that she will one day return.

## **Theories about Grace Kit's Disappearance**

There are many different theories about what happened to Grace Kit. Some of the most common theories include:

1. **Sales were not as strong as the other dolls in the line.** This is a plausible explanation, as American Girl is a business, and they need to make money to stay in business. If Grace Kit was not selling as well as the other dolls, it makes sense that they would discontinue her.
2. **There was a problem with the doll's design, and she was recalled for safety reasons.** This is another plausible explanation. American Girl has a very high safety standard, and they would never knowingly sell a doll that could be dangerous to children.

3. **Grace Kit was discontinued because she was too popular.** This theory is less plausible, but it is still possible. American Girl may have been afraid that Grace Kit would become too popular and overshadow the other dolls in the line. They may have decided to discontinue her in order to keep the other dolls relevant.

## The Truth about Grace Kit's Disappearance

The truth about Grace Kit's disappearance is still unknown. American Girl has never officially stated why she was discontinued, and there is no concrete evidence to support any of the theories. However, the most likely explanation is that Grace Kit was simply not selling as well as the other dolls in the line.

Whatever the reason for her disappearance, Grace Kit remains a popular and beloved character. She is a reminder that even the most popular things can sometimes disappear without a trace.
